PAGE 2: Part 2 – Key issues for stakeholder comment

Q1: The Lotteries and Art Unions Act 1901 aims to ensure that, on balance, Government and the community as a whole benefit from lottery activities. The Act seeks to protect players and the community by restricting who can conduct and benefit from lottery activities and ensuring that where such activities are conducted, they are done so fairly, with integrity and in a way that minimises community harm. Do the objects as set out in section 2 of the Act remain valid?

Yes

Q2: Do you agree with the proposed NSW model on page 10 of the discussion paper?

No,

Tell us why:
Regulation of commercial trade promotions should remain in place as in our view to protect consumers from misleading promotions and predatory promoters.

Q3: Is there another approach that might be more suitable for regulating community gaming and lottery activities in NSW?

No

Q4: Do the requirements of the proposed model adequately address the risk of harm to the community that may arise from community lotteries and trade promotions?

No,

If you answered no, explain why:
Predatory promoters find it difficult to run promotions in NSW due to the need to obtain permits. In other states anything goes - consumers can be misled by deceiving promotions

Q5: Without reducing the integrity of the regulatory measures, what changes could be made to the make the application process easier?

None, the online system is efficient

Q6: How can Government further assist organisations and businesses conducting lottery activities and trade promotions to meet their regulatory obligations?

Publish all information relating to state specific regulation on a single website

Q7: In section 8 of the discussion paper, it identifies that the Act does not provide for a civil penalty regime for breaches of conduct of lottery activities. Should a civil penalty regime be considered?

Yes

Q8: Are there any other matters that should be considered in this review of the Act and regulations?

No
