Subject: Lotteries and Art Unions Act 1901 Submission

I would like to see a change to mirror the Victorian system where a lottery licence is required only when the prize is above a certain dollar value.
I suggest above \$5,000.

Currently, if we are offering a prize of say \$30, it costs us \$80.32 to get a licence. Seems like unnecessary administration. A licence for higher value prizes is a good idea, but let's have a bottom threshold amt.
